How did DAMAGE or INJURY occur? Please include as much detail as possible.

On 06-10-2025, LAPD officers closed off all intersections near 300 N Los Angeles 90012 and forced everyone into a corner, acting aggressively. I was ordered off my bike and told to stand against the wall. While being arrested, I repeatedly informed the officer to please secure my bicycle and asked to speak with a supervisor. The officer responded that he would notify the supervisor, then proceeded to place me onto a transport bus without further discussion or securing my property. Upon arriving at the jail facility, I was asked to confirm whether I had all of my belongings. I told them my bike was missing. A jail supervisor was called, who then gave me a phone number to call for follow-up. Over the next several days, I visited multiple locations and made several inquiries regarding the whereabouts of my bike. Each department either claimed not to have it or redirected me elsewhere. The bike was never recovered. It was of significant financial value and held strong personal/sentimental meaning. I believe the officers failed in their duty to safeguard personal property during an arrest. Leaving my bicycle unsecured in a high-crime area contributed directly to its theft.
